Will feature the
name and logo

Home page

Sample text – The International Conference of Data Protection and Privacy Commissioners was established in 1979 and is a collective of accredited members. The purpose of the Conference is to promote personal data protection and privacy rights at an International level.

The Conference has members from over 60 jurisdictions encouraging geographical representation.

This website will serve as a repository of conference documents with an aim to provide all documents associated with the Conference.

One of the endeavour's of the Secretariat is to reach out to the wider membership via a Newsletter and maintain a database of International Events.

The website is administered by the Secretariat – Office of the Privacy Commissioner, New Zealand
