

ICDPPC 38th Conference: Closed Session on Artificial Intelligence and Robotics and Encryption

Closed session speaker suggestions
(Update 6 July 2016)

Potential speakers were identified by the sub-committee to address the AI and Robotics session and the Encryption session.

The Secretariat contacted all suggested speakers. Of the 23 suggestions only 5 have confirmed their availability; 11 are unavailable and 7 have not replied. Details outlined below.

Secretariat highlights potential complete panel for AI and Robotics with confirmed availability of a moderator, 1 x AI expert, 1 x robotics expert.

The Secretariat

- seeks the committee's approval to confirm the speakers for the AI and robotics panel
- requests the committee to give consideration to the size and direction of the Encryption panel
