In accordance with the Rules for the Credentials Committee, and the Addendum to the Guidelines and Procedures of the Conference Resolutions (“the Addendum”), this resolution sets out recommendations for accreditation for authorities to participate in the international conference with their appropriate classification. Where an authority has a title in a language other than English this is given in brackets.

Clause 2 of the Addendum provides that accredited authorities within international or supranational bodies are not entitled to vote unless the conference has specially decided to grant them voting rights at the time of accreditation. The Credentials Committee recommends the grant of voting rights to the European Data Protection Supervisor.
