

INFORMATION AND DATA PROTECTION COMMISSIONER OF ALBANIA

Roundtable with the Banking System

In response to the latest data protection and cyber security attacks, as well as in align with the Data Protection International Week, Information and Data Protection Commissioner Office (IDPO) and Albania Sustainable Development Organization supported by Swiss Embassy in Albania will organize the Round Table: **“Digital Age and Personal Data Protection within the Banking Sector”**. The objective of this round table is to increase awareness of controllers/processors operating in this field, regarding the legislation, on obligations and responsibilities to ensure compliance and /or accountability mechanisms with the requirements of the law, the role of DPO, etc. The meeting will bring together policy-makers from the IDP Office, national experts in the field of data protection, as well as representatives from the Bank of Albania, in its quality of regulatory body and representatives from the banking sector.

A discussion forum at the College of Business

A discussion, in the form of an open lecture will be organised by the Commissioner’s Office in co-operation with the College of Business, in Tirana, gathering students and the academic staff of this university. This is an ongoing awareness raising initiative of the IDP Office, conducted previously with other higher education institutions, public and private. The aim of this event is to promote this fundamental human right, expand knowledge with regard to the data protection legislation, raise awareness and encourage the preparation of future professionals on this field. The main topic to be discussed in this forum will be on the Data Protection legislation, in the framework of the upcoming of it’s modernization in accordance with European General Data Protection Regulation (GDPR).
